

Cover Letter

Flex Robotics is a company that specializes in autonomous robots. It is located in Orlando, Florida. The purpose of the company is to improve the lives of individuals that are busy away from their jobs or on job assistance.

The purpose of the proposed project is to improve the ability of scientists and other professionals by assisting in everyday activities. We will undertake in pursuit of tool assistance and training new personnel.

We need assistance in expanding by bringing models out of simulation and into the real world which will allow us to show concrete results of the robots behaving in a real environment. Thank you for the opportunity to apply for the funds to improve in our service area. Please contact me for any answers to any questions that may arise. Email ryan_wlr@yahoo.com.

Sincerely,

Ryan Weiler
Executive Director
